Walk me, walk me through the valleys of light
Walk me through the doors
Doors of open paths of joy
I surrender to all your good
Lets win together

Walk me through the valleys of light
Walk me through the paths of open doors
Walk me

Lets walk through an endless journey
A journey filled with ecstasy
A journey never ending
Filled with trust and happiness
Lets walk together

Walk me through the valleys of light
Walk me through the paths of open doors
Walk me

Together we stand
We stand together always
Always, no matter what
No matter what happens
Girl, we stand together

Walk me through the valleys of light
Walk me through the paths of open doors
Walk me
