I have never met a girl  
Who treats me like you do  
It's so amazing  
I've never met another like you  
You just keep coming through  
Like no other  
It's just what you do

Only you make me happy  
Only you make me happy  
Just keep it coming through  
Only you

You are the only one in my world  
There's no other girl  
Who treats me like you do  
There's a table set for two  
Just for me and you  
Just come along and make this day  
It's no other way

Only you make me happy  
Only you make me happy  
Just keep it coming through  
Only you
