Hello!

Well, I bet you're surprised to hear me
I'm so glad you picked up the phone
I guess I owed you an apology
But I've been taking some time alone

I need so badly to believe
You missed me and I miss you
There's so much mystery
But I'm lonely, and a-feelin' true

I need some love in my life
(Need some love in my life)
I need some love in my life
(Need some love in my life)

Now the difference between lovin' another
Is one thing I understand
Now that I see one from another
I know I can be your man

You need so bad to believe
That my heart would be forever true
Now I'm standing right here, standing right here
Standing right in front of you

Now, I need some love in my life
(I need some love in my life)
I need some love in my life
(I need some love in my life)
You need some love in your life
(You need some love in your life)
Baby, I need your love in my life
(Need some love in my life)

I missed your midnight invitations
I need you soul, soul confirmation
I need it so badly, oh so much
Baby, I miss your tender touch

You need so bad to believe
That my heart would forever be true

Now I'm standing right here
(Standing right here)
And I'm reaching out to you

Let me tell ya
I need your love in my life
(Need some love in my life)
Need real love in my life, Baby
(Need some love in my life)

I know it, I need it
I know it
Let it rock ya
(Need some love in my life)
Ooh, Lord, let it roll ya
(Need some love in my life)
Take it slow, Baby, console ya
(Need some love in my life)
Let the flow control ya
(Need some love in my life)
I need, I need some love in my life
Your good hot sweet love in my life, Baby
Come get it, Baby, I love ya
(Need some love in my life)
I got it, you need it
(Need some love in my life)
I give it to you
Got, got, got
(Some love in my life)
Got to have some love in my life
(Love in my life)

I'm here to give it to ya
I wanna give it to you
I wanna give it, give it, give it, give it to you
All you need
What you want, you gotta have it
Squeeze ya, tease ya, need ya

Love, love, love, love
That's it
There it is, Baby
