I thank you, you turn my life around
Without you, true love never could be found
You see all my life I've been lonely, sad and blue
I thank you for all the things you do

Yes, I thank you, you turn my life around
And without you, true love never could be found
All my life I've been lonely, sad and blue
Oh, I thank you for all the wonderful things you do

First I thank you for understanding
And not being so demanding
I thank you for caring when nobody else cared
I thank you for just being there

I thank you for the love that you share
And the thoughts and you're always by my side
Never letting me go and letting me know
That you care, you love me

Well, I thank you for turning my life around
'Cause without you, true love never could be found
You see all my life I've always been so blue
And I thank you for all the things you do

I thank you for turning my life around
I thank you for the love I truly found
Because without you I've been lonely, sad and blue
I thank you for all the sweet things you do

I thank you for turning my life around
'Cause without you, true love never could be found
All my life I've been lonely, sad and blue
Now with you, I know just what love can do
