Yesterday I was walking home
and I , I had you on the phone
and we were talking about
what you have done on a friday night

You went out with that girl
and you've danded all time
You told me she tried to kiss you
but you turned your face away

But I'm not falling,
not falling in love with you (oh)
This is better ,
so much better than things that lovers do

I think you are a true friend
I can always count on you
And times that I'm feeling down
I search but I can't find myself
You're always there and
you pused my clouds away

But I'm not falling,
not falling in love with you
This is better,
so much better than things that lovers do

No, I'm not falling
not falling in love with you
This better ,
so much better than things that lovers do

Don't come to close
Keep up your distance
I like the way things are going now
Don't come to close
Keep your distance
Cause I don't, Cause I won't, no i wont

No, I'm not falling
Not falling in love with you

This is better
So much better than things that lovers do

No I'm not falling
Not falling in love with you
This is better
so much better than things that lovers
