The thought of loving you
The way I'm longing to
A thousand hopeful dreams I've had
Are finally coming true

I used to put you on a pedestal
Where you became untouchable
But now we touch and
Now so much is possible

Just being near to you
Would be enough for me
The many years without your love
Have been so rough for me

But now a change in taking place in me
I've found someone whose faith in me
Has given me the strength I need
So desperately

In my darkness, you turn on the light
My illusions vanished overnight

The thought of loving you
Is now reality
A thousand dreams I had were
Nowhere near to how it could be

For as we melted love so beautiful
I never felt so wonderful
The thought of loving you
The way I'm loving you right now
Right now, right now
