Oh yeah
Oh yeaaaaah

Like I rock when I rip it,
When I'm rollin on clouds,
Shout loud, breathe in,
Won't you drown in the now?

Back when I rip it,
When I'm rollin on clouds,
Shout loud, breathe in,
Won't you drown in the now?

Rock when I rip it,
When I'm rollin on clouds,
Shout loud, breathe in,
Won't you drown in the now?

Said I rock when I rip it
When I'm rollin on clouds,
Shout loud, breathe in,
Won't you drown in the now?

Starship rippin through the night
Trickin through your sights, pop up
