"Star Garden"

O this is what it feels like
To carry the weight of the world on your shoulders
Oh, we'll grow wings and take flight
Hand in hand
Like ghosts in the sky
Cause I'm not so sure
That I can do this anymore
This journey is taking it's toll on me
This is no task for just a boy
There is no time to waste
Press on
Or you'll find your fate in the sea
Head first
Into a saltwater sky
These are dangerous waters we tread
How could you ask this of me
I am starting to realize
That I'm not cut out for this
Blue and green
Swallowing me
These are dangerous waters we tread
We'll take refuge at the bottom of the ocean
