I should be over
But I'm still not over
When I'm underneath
Cuz you bury me

When I see you I'm frozen
You must be my poison
But I'm holding on
Like nothing's gone wrong, oh

[chorus]
Why do we have to talk about it
We're six feet down and you run around me
Maybe you're the one who's a little peculiar
But lying next to me seems so familiar
When we were in love we were cut right open
Like a dagger in my heart, you sit here frozen
I go six feet down when you come around
But I don't rest in peace

Haunt me like the ghost
I tried to forget most
But you're still here
And you're making it clear

[chorus]
Why do we have to talk about it
We're six feet down and you run around me
Maybe you're the one who's a little peculiar
But lying next to me seems so familiar
When we were in love we were cut right open
Like a dagger in my heart, you sit here frozen
I go six feet down when you come around
But I don't rest in peace

I'm going down, I'm going down
I'm going down, I'm going down
I'm going down, I'm going down
I got six feet down when you come around
But I don't rest in peace

Ooooo!

Why did you bury me so underneath, so underneath?
I died to give you everything
Every part of me, every part of me
All I ever wanted
When you said, when you said "let's end it"

[chorus]

Why do we have to talk about it
We're six feet down and you run around me
Maybe you're the one who's a little peculiar
But lying next to me seems so familiar
When we were in love we were cut right open
Like a dagger in my heart, you sit here frozen
I go six feet down when you come around
But I don't rest in peace

I'm going down, I'm going down
I'm going down, I'm going down
I'm going down, I'm going down
I go six feet down when you come around
But I don't rest in peace

No I don't rest in-
No, I don't rest in peace.
