We're to never cave this fall,
Cause with you I know I got it all.
You said to me, I'm not the enemy.
You know you gotta earn my trust
Yes, you say it for the both of us
And I love to hear you
It's been good ever since.

Seeing your smile, when I think about you.
What in the world could come closer to.
I said the things I've been meaning to say,
Cause I Know I'm really not afraid.
I think about everything that we do,
Cause I know my heart is addicted to you.
I know my heart is addicted to you,
And I can't help feeling this way.

Man, I'm really feeling this flow
Hope we never take it real slow
Impossible, impossible.
Never been this way
Never believed in faith
It's incredible
What love would do.

Seeing your smile, when I think about you.
What in the world could come closer to.
I said the things I've been meaning to say,
Cause I Know I'm really not afraid.
I think about everything that we do,
Cause I know my heart is addicted to you.
I know my heart is addicted to you,
And I can't help feeling this way.

I feel it's been so; perfect all around like a rainbow.
Could never let go,
Cause its never felt this strong
Like we belong
It's been too long, oh yeah
It's never been this strong
Right or wrong
We belong

Seeing your smile, when I think about you (think about
you)
What in the world could come closer to.(Oh ohh)
I said the things I've been meaning to say,
Cause I Know I'm really not afraid. (I'm not afraid)
I think about everything that we do,
Cause I know my heart is addicted to you. (Addicted to
you)
I know my heart is addicted to you, (yeaah)
And I can't help feeling this way.
