tell me what happened this time that made you come  
back again  
i find i only see you when love deserts you  
if this is your idea of happiness  
then lets be clear those words of yours ain't working  
anymore  
cos i'm always giving  
here waiting while you're living  
i need a new beginning  
oh i'm not the girl i use to be but you..

you think maybe that i'm just so easy  
you could come in and out of my life like you please  
but baby no ah ah don't you know it takes more  
(to keep a girl like me)  
no more waiting for you to change  
don't you know that you bringing flowers won't stop the  
rain  
baby no no ah ah don't you know it takes more  
you're no longer worth waiting for

i know you're busy so if you gotta go then go  
but don't forget to leave my heart  
i stayed around for you but you're nowhere to be found  
now once again here you are  
cos i'm always giving  
here waiting while you're living  
i need a new beginning  
oh i'm not the girl i use to be but you..

you think maybe that i'm just so easy  
you could come in and out of my life like you please  
but baby no ah ah don't you know it takes more  
(to keep a girl like me)  
no more waiting for you to change  
don't you know that you bringing flowers won't stop the  
rain  
baby no no ah ah don't you know it takes more  
you're no longer worth waiting for

i settled for less if i stayed with you

but no more cos you ain't worth waiting for

you think maybe that i'm just so easy  
you could come in and out of my life like you please  
but baby no ah ah don't you know it takes more  
(to keep a girl like me)  
no more waiting for you to change  
don't you know that you bringing flowers won't stop the  
rain  
baby no no ah ah don't you know it takes more  
you're no longer worth waiting for

ah ah don't you know it takes more  
ah ah don't you know it takes more  
ah ah don't you know it takes more  
you're no longer worth waiting for

you think maybe that i'm just so easy  
you could come in and out of my life like you please  
but baby no don't you know it takes much more  
no more waiting for you to change  
don't you know that you bringing flowers won't stop the  
rain  
oh oh don't you know it takes much more
