I try to go on without you
That doesn't seem to work
I try to forget all about you
But that only hurts me worse

Well, I try on a smile but it doesn't feel right
Everyone knows that I'm faking
My eye shades are just hiding the tears in my eyes
'Cause baby, my poor heart is breaking, breaking

Can't help what I'm feeling when I look in the mirror
It couldn't be any clearer 'cause nothing looks good on
me but you
I just have to say that baby you're the greatest and
I don't think I could shake it 'cause nothing looks good
on me but you

And, you know it
Baby, why don't you turn back
I miss the way that you hold me
Like in that picture of you making me laugh

Well, I try to go out with some other guys
But that only puts me back where I started
'Cause deep down below, I'm just dying inside
Knowing full well where my heart is, heart is

Can't help what I'm feeling when I look in the mirror
It couldn't be any clearer 'cause nothing looks good on
me but you
I just have to say that baby you're the greatest and
I don't think I could shake it 'cause nothing looks good
on me but you
Nothing looks so good on me but you, baby

No, baby, nothing fits
I can't make any sense of it
Just thinking about your lips on mine
I need you to know

I made the biggest mistake of my life
I need your love so

Can we talk about it tonight
Baby, let's talk about it

Can't help what I'm feeling when I look in the mirror
It couldn't be any clearer 'cause nothing looks good on
me but you
I just have to say that baby you're the greatest and
I don't think I could shake it 'cause nothing looks good
on me but you

Can't help what I'm feeling when I look in the mirror
It couldn't be any clearer 'cause nothing looks good on
me but you
I just have to say that baby you're the greatest and
I don't think I could shake it 'cause nothing looks good
on me but you

You're the best thing I ever had
Nothing looks so good, no, no
Nothing looks so good on me but you
Nothing, nothing looks good on me but you
