"Superstar"

Visit "[Superstar](#)" on MotoLyrics.com

Here the dawn comes,
chase away the night.
Days breaking has begun.
A new conception,
the sun will do it right,
we'll be singing in the sun.

Get it together,
Ill be waiting there for you.
Get it together,
baby its alright,
time is an ocean,
we're going to pray inside the water going to get high.

Everyone is a superstar (x3)

We're just spinning, faster everyday,
people join in when you hear the sound.
Can you imagine,
what the world would say,
if we spread this love around.

Get it together,
ill be waiting there for you.
Get it together,
baby its alright,
time is an ocean,
were going to pray inside the water going to get high.

Everyone is a superstar (x3)

Everyone is a superstar (x4)
