Under You  
Trickside  
(On The Line)

Seems like forever  
We were once a pair  
I can't wait forever  
To break this lonely pair

It's time, you wait  
We're running around in circles  
It won't mean much if we started  
All over to an end  
I got an old faded picture in my pocket  
I keep it there as a token to remember  
That when you look down  
And found what it's all about  
I'll be under you

I stop gaining ground  
Every time I look around  
But everywhere you are  
I'll be under you  
I swear it wasn't fair  
You left me there  
But anywhere you are  
I'll be under you

I'm sure in time  
You're gonna make it big  
I don't have any doubt  
You know what it's all about  
Success, a game,  
Comes naturally to you  
Second nature, it's a part of you  
And on the day you find out  
What it's all about  
I'll be under you

I stop gaining ground  
Every time I look around

But everywhere you are  
I'll be under you  
I swear it wasn't fair  
You left me there  
But anywhere you are  
I'll be under you

I break it down to the things we never planned  
I chalk it up to the way I never understand  
Your demands, I was drowning  
So far it's not enough to make you see  
You come back to me, come back to me  
You can't get me out of your mind

I stop gaining ground  
Every time I look around  
But everywhere you are  
I'll be under you  
I swear it wasn't fair  
You left me there  
But anywhere you are  
I'll be under you
