Another one,  
Craig David,  
Y'all ready for this,  
Yo

On my way from the studio,  
Driving on my way home,  
Happy cos I'm gonna see my girl tonight,  
Something messing with my radio,  
Got to be my cell phone ringing,  
I picked it up it was my girlfriend,  
But she wouldn't talk to me,  
No,  
I heard some fiction in the background,  
Saying that my girl was too good for me,  
And I was like,  
What,  
Were you chatting my name,  
Say it again,  
Actin like I got nothing to gain,  
People wanna front just because of my fame,  
You better stop,  
Before I lose control,  
Had enough of your freinds and I'm lettin you know,  
I'm Craig David and I'm running the show,  
And if your talking a lot of bull baby you got to go, so

Eenie meenie miny mo gonna miss you that I know,  
Eenie meenie miny mo girl it's been wonderful but I  
gotta let you go,  
Eenie meenie miny mo gettin kinda critical don't wanna  
hurt you though but I gotta let you go

Tell me why you wanna do me like that  
used to give you things now you throwin' them back  
access to the visa the keys to the flat  
widescreen tv dvds and that  
all of a sudden you be trippin' when I answer the phone  
talkin' all about me in an angry tone  
talkin' all about how I be doing you wrong  
you're crazy

What ever happen to the good girl when I was into me  
I wanna tell it to your face girl  
The one of us has to leave  
So...

Eenie meenie miny mo gonna miss you that I know,  
Eenie meenie miny mo girl it's been wonderful but I  
gotta let you go,  
Eenie meenie miny mo gettin kinda critical don't wanna  
hurt you though but I gotta let you go  
Eenie meenie miny mo gonna miss you that I know,  
Eenie meenie miny mo girl it's been wonderful but I  
gotta let you go,  
Eenie meenie miny mo gettin kinda critical don't wanna  
hurt you though

You know what  
Well I'm just an ordinary guy  
Dealing with rumours and lies  
But your friends keep on filling your head with this  
nonsense, I'm not gonna take no more

Craig David  
she only after that wage payslip  
that's why she got you pullin' strange faces  
trickin' on the c 'til your brain's wasted  
she don't wanna be the girl that craig stays with  
she just wanna be there while craig stays rich  
she wouldn't be with him if he was paid basic  
she wouldn't be there if he wasn't made famous

She had a gold digger degree  
she must have studied for that  
wanted me to get her a mansion  
with a truck in the back  
filled up with ice  
then I'm lookin' like  
honey relax  
looks like you bought the code  
we've even got the money for that

All of a sudden you be trippin' on my cellular phone  
talkin' about all of the women that be takin' me home  
talkin' about all of the women I supposedly boned  
she crazy

You know what it is you give me attention then you're  
takin' the piss  
you fed up of it get rid of the bitch don't be takin her  
'ish'

she wasn't payin us when you was lickin the lower lip  
makin' the double fib with your fingers all over it  
trippin' all over you whenever you rock the show  
time to get money cos you know you got the dough  
and the next time she trippin' from it you drop the  
phone  
you been talkin' a lot of bull baby you got to go

Eenie meenie miny mo gonna miss you that I know,  
Eenie meenie miny mo girl it's been wonderful but I  
gotta let you go,  
Eenie meenie miny mo gettin kinda critical don't wanna  
hurt you though but I gotta let you go

Another one  
Craig David  
somethin' for the club  
yo  
I gotta let you go  
know what I mean  
I gotta let you go  
what  
we out

All of the massiv'  
listen Shawn  
Try let the girl in  
I try let all the beautiful sexy ladies  
listen this one

Craig David  
Say ignorance  
sir ????  
messiah  
catch a fire  
to all the man who stayed up with us  
Have more  
check it out, uh

You could have been my troubleless type of wife  
could have been the love of my life  
but you didn't take heed  
didn't proceed to believe  
what the honeyz all say  
that's the difference 'tween me and you  
you better go over to the boiler crew  
cos slackness is all you do  
me and craig caught you in the venue  
couldn't really believe that that was you  
you and the rest of your crew  
tryin' to get with a boy a little cool

bubblin' around with the champagne crew  
while expecting me to take you back in 2  
baby girl I'm not into that and that's sure so I'm walkin'  
away from you didn't know where I'll go who I know  
where you go big it up
