Ou baby..It's all about a party
really wanna, really wanna, get down tonight, down
tonight...

Come on baby
Lemme see those hands up in the air
Lemme see you bounce tonight...

Tonight is all about a party
Dressin up to try and impress somebody
Hoping to find yourself a fly shorty
And somebody oh so beautiful so right
If you're standing feeling unsure,
then make your way all up onto the dance floor
You should be shaking what you got
That's what you came for--
So shut the back door
Cuz no one's tripping
Just keep playing that song

Let me see those hands up in the air
All my fellas bouncing in the club let me hear you say
yah--
though i know its nothing new
To raise the roof with your crew
But you can bring it down if you want to
Let me see those hands up in the air
All my ladies shaking what you got let me hear you say
yah
If you wanna jump around
Believe that nows the time to get down,
moving to the crazy sound if it feels good to you
what you gonna do

see a
Hot girl.. A rock girl, looking kinda fly
And she knows it very well...
kind that you'd be calling on your cell.
Falling underneath her spell
So addictive baby-- can't you tell?
You need a hot boy
Top boy

Looking kinda fly...
type that makes you feel weak at the knees
Now if it's for real then just let it show
While the beat moves your body, mind and soul...

Let me see those hands up in the air
All my fellas bouncing in the club lemme hear you say
yah..
tough i know its nothing new
to raise the roof with you crew
But you can bring it down if you want to
Let me see those hands up in the air
All my ladies shaking what you got let me hear you say
yah
If you wanna jump around
Believe that nows time to get down,
moving to the crazy sound if it feels good to you
what you gonna do

Now baby I gotta just break it on down...
This one goes out to all my fellas---all my ladies oh yah
Now I know it's kinda easy to raise the roof with your
crew
But I know it ain't that easy to bring the whole thing
down...

Let me see those hands up in the air
All my fellas bouncing in the club lemme hear you say
yah..
tough i know its nothing new
to raise the roof with you crew
But you can bring it down if you want to
Let me see those hands up in the air
All my ladies shaking what you got let me hear you say
yah
If you wanna jump around
Believe that nows time to get down,
moving to the crazy sound if it feels good to you
what you gonna do
