Ooh, ooh (Craig David)
Yeah yeah yeah yeah yeah

You know I'm the kinda guy that does 9 to 5
Working real hard is the way I live my life
Back home just me and you girl all alone
With no one interrupting
Switch off the phone
But I could be that other guy
Who comes home late at night and tells you lies
So why you trippin' out on me girl all the time
When every day it's only you that's on my mind oh

Chorus:
Every time we take one step forward
You take 2 steps back
Everytime it's right you bring left back (oh, oh)
Girl you really oughta think about it
Cuz there's really no doubt about it
You know I'm been there for you and that's the truth
(x2)

You know you're the kinda girl that doesn't need to
front
Keep it real, let me know just what you want
Sometimes you just don't know when to stop
Your working so much over nothing
You're just losing what you've got
Now can't you see there's no other girl
I think you're the most beautiful woman in this world
Yeah
But you say I don't appreciate you
And I don't know how to treat you
We don't do the same thing we used to do no more

Chorus

Remember it wasn't that long ago
You told me that you loved me so
Don't forget all the nights we shared
When you told me girl how much you cared

Remember, you can be led astray
But this is the way playas play
I'm not that kinda man
Why can't you understand
Cause I
Want you to trust in me
Baby girl can't you see
You only gonna mess things up
You've done enough
Why can't you stop
You're gonna lose what's good for you
And that's the last thing you wanna do Won't find
another like me Chorus
