I feel fantastic, bombastic,
Ecstactically astounded
How a girl can really lose her brain
I feel surrounded, confounded
Emotionally dumbfounded
To think you've nearly won your game

Oh yeah, you said that I have
Been gone too long
Don't try to tell me
That I was wrong (re-e-mix)
Totally, wrong for me
Got the hurt in my face
Now I know the only thing to do
Is to give myself some space
I bet she never told you everything that drifted through
her mind
All the secret thoughts
Well I bet you never caught her sliding with another
man
Because I did
No no, I hate to see the way the finger points at me
I'm at fault, I don't think so
After all is said and done girl
You know you've had your fun
Why don't you leave it there

I feel fantastic, bombastic,
Ecstactically astounded
How a girl can really lose her brain
I feel surrounded, confounded
Emotionally dumbfounded
To think you'd nearly won your game

I feel fantastic, bombastic,
Ecstactically astounded
How a girl can really lose her brain
I feel surrounded, confounded
Emotionally dumbfounded

To think you've nearly won your game

Oh yeah

You say you had a girl, with problems

Tell me, did it lead to heartache and confusion? (re-e-mix)

Did you wake up in tears

Not knowing where you are?

Did you, get it in the ear, like I did?

Like I did

I bet she never told you everything that drifted through her mind

All the secret thoughts

Well I bet you never caught her sliding with another man

Because I did

No no, I hate to see the way the finger points at me

I'm at fault, I don't think so

After all is said and done girl

You know you've had your fun

Why don't you leave it there

I feel fantastic, bombastic,

Ecstactically astounded

How a girl can really lose her brain

I feel surrounded, confounded

Emotionally dumbfounded

To think you'd nearly won your game

I feel fantastic, bombastic,

Ecstactically astounded

How a girl can really lose her brain

I feel surrounded, confounded Emotionally

dumbfounded To think you've nearly won your game
