As I sail with you across the finest oceans
On a way to find the key to our emotions
Together we will move the clouds to brighter days
Some people question what I say
Tried to break up you and me
But I know this love between us is growing stronger
You can call me whenever from wherever
Just remember that
I'll be there
Through all the stormy weather
Us break up never
No we'll be together
Forever

Chorus:
You don't miss your water 'til the well runs dry
But I believe so strongly in you and I
Can somebody answer me the question why
You don't miss your water til the well runs dry

As I close my eyes
Sit back while reminiscing
Of when we used to fuss and fight but end up kissing
There may be sad and pain for time so long to wait
But in my heart you'll always be everything and more to
me
For I know this love between us is growing stronger
You can call me whenever from wherever
Just remember that
I'll be there
Through all the stormy weather
Us break up never
No we'll be together
Forever

Chorus

For you are always on my mind
You are always on my mind
Girl you know that you
You are always

You are always on my mind
You are always forever

Chorus

You don't miss your water girl no
But I believe so strongly in you and I yeah
Can somebody answer me the question why
Cause you don't miss your water 'til the well runs dry
yeah listen
If you ever get the feeling
You wanna play around starting cheating, remember
You don't miss your water 'til the well runs dry
