First it seems like a dream  
You hide inside an absent mind  
Time's wheel is motionless  
You just feel this warmth inside  
Unknowingly travelling  
In this land of thoughtlessness  
You earnestly follow this state of trance, which carries  
you.

Away with delight... Away with delight... Away with  
delight... Away with delight

Now, ----- a seal  
has been engraved in your heart  
The anchor sets in deeper  
And entwines you forever  
Your need of each other  
Is lighter than clear water  
Everything about you  
Know that your love will carry you

Inside with delight... Inside with delight...  
Inside with delight... Inside with delight...  
Oh...it feels so good, Oh...it feels so great  
Lucky, you are lucky in love  
You can't withhold  
You can't deny that for you

it goes as high as the sky  
Then at the highest level  
When you think you've reached the top

You follow the path of light  
With your arms open wide  
Soon your life will expand  
on the reflections of your love  
A new life will spring forth  
A happy face smiling back at you

Growing with delight...
