Follow the sun
Follow the sun
We're leaving the rain behind

Together we'll be in harmony
Taking the time
We will find our way

Sunshine
I feel the energy
I need sunshine
Pouring down on me now

Sushine
Don't you hide away
I want sunshine
Each and every day

Sunshine
I feel the energy
I need sunshine
Pouring down on me now

Sushine
Don't you hide away
I want sunshine
Each and every day

Sunshine
I feel the energy
I need sunshine
Pouring down on me now

Sushine
Don't you hide away
I want sunshine
Each and every day
