"Butterfly"

Visit "[Butterfly](#)" on MotoLyrics.com

My little butterfly
Flyin' away
Over the mountainside
Over the lakes
Will I see you again
When sunlight fades
My little butterfly
Floating away

Oh, little bird of mine
What will it take
To make you stay right by
When starlight fades
But when morning comes
You're far away
Oh, little bird of mine
What will it take

Sweet little girl of mine
Come back to me
Like rivers flowing down
Into the sea
Well you're in here in the night
And break of day
Sweet little girl of mine
Come back to stay (x 5)
