**Verse 1**

One year ago my heart stopped smiling  
I was left alone  
No children playing, friends celebrating  
Our future was unknown

**Verse 2**

I found a flower and made a wish...  
'Please make my dreams come true'  
With light and love, rain from above  
I hoped that joy would bloom

**CHORUS**

Drop by drop and day by day  
New hope and sunshine comes my way  
Step by step and mile by mile  
My heart remembers how to smile.

**Verse 3**

A shoot, a bud, a flower, a tree  
And soon comes fruit for you and me  
And once again we laugh and sing  
And thank our land for everything.

**CHORUS**

Drop by drop and day by day  
New hope and sunshine comes my way  
Step by step and mile by mile  
My heart remembers how to smile.

**Verse 4**

And as time passed an orchard grew  
Where children played and dreams came true  
Fruit and love for everyone  
My homeland's filled with joy and song

## CHORUS

Drop by drop and day by day  
New hope and sunshine comes my way  
Step by step and mile by mile  
My heart now knows that it can smile
