Beyond the walls of weak mankind  
Encouraged with earthborn lies,  
I salute the forgotten aeons,  
Standing against dimness of resigned.  
I saw them betraying the knowledge,  
Captured in their own maze  
So I scorn to their failure  
Hidden behind the masks of serenity.

And I defy,  
Fording their humble pale souls!

For I am the Enemy,  
Human's fear is essence of my might.  
"Alas!" they groan  
While watching in me their eternal torment.  
And I glorify the One who gave us  
Blood to feed the Hunger!

Cadaverous dust I breed  
Following the trails of my own will!  
Yet I shall fortify, but shall I conceive call,  
Reflections of Thy Triumfall?

The circle of betrayals is closed and unbreakable  
On it scornful Wisdom thrives for all rebellious souls.  
The chosen will fall above repentant slaves of the light.  
And their deaths dark divine beginning and End will  
combine.

Throughout many deaths I have yearned for this  
demonic freedom,  
But the light was always blinding my eyes  
With salvation lost on a path of blind witnesses  
Beneath the Cosmos' ruins, where flesh is denied!

Cadaverous dust I breed  
Following the trails of my own will!  
Yet I shall fortify, and yes, I conceive call,  
The Black Light of Thy Triumfall!
