"The Final Purification"

Entering the catacombs
Where Darkness devours every trace of weakness
Now I've passed the borders of forbidden
Stronger than ever, beholding the realm of shadows
Mystical prophecies entombed in Nothingness...
Apostate's dreams... So long forsaken...

Flames of Satan burning high in the distance of the
unknown

No light shall prevail
As I reveal my hidden power
Darkness eternally I crave
To glorify synthesis with the Fallen
No fear to look deep inside
I will be reborn towards where my essence lies
Abbyss calls in this night of dark victory
And Archlights declared transformation into the
formless.

Echoes of Chaos are pulsing in these metaphysical
devolutions of mankind
And down, where all flesh is left, dreams of natural
utopia shall rot!
Knowledge shall be my reward, source of disharmonic
individuum's dreams.
For I am the War, strength shall be my guide, to pledge
my allegiance on ultimate grave!

Entering the dimensions
Where shadows dance in all their beauty
By the rays of Thy Light divine
Sense of the Self beyond all comprehension
Becoming of the spirit unbound
Awaking the flames of forbidden gnosis
Embracing the powers of the Black Serpent

Purified I enter my kingdom
Where Darkness devours every trace of weakness
Now I've passed the borders of forbidden
Stronger than ever, beholding the realm of shadows

Mystical prophecies entombed in Nothingness...
Apostate's dreams... No more forsaken.

No regrets left within
Passing the great gateway.
Shadows float in black mist...
Voices fading, everything becomes clearer
Astral planes of the enchanting beyond...
Universal laws bounding no more...
Illuminating rays of the unholy separation,
This is my final purification!
