"On My Mind"

I get butterflies with the mention of your name
A smile appears upon my face with just one thought of
you
I don't know that much about love but I heard that it
brings pain
But the joy inside my heart makes that theory untrue

You're on my mind everywhere I go, I think of you
You're always on my mind, on my mind
And I close my eyes and think of lovin' you

I just don't understand it, no matter how I try
I can think of nothing else but you and how you make
me feel inside
I never thought I was ready, as a matter of fact I'm
scared
But the harder I resist, shows how much I care

You're on my mind everywhere I go, I think of you
You're always on my mind, on my mind
And I close my eyes and think of lovin' you

I keep thinkin' about of your tender caress
And the way I felt when we first met
You're on my mind

You're on my mind everywhere I go, I think of you
You're always on my mind, on my mind
And I close my eyes and think of lovin' you

You're on my mind everywhere I go, I think of you
You're always on my mind, on my mind
And I close my eyes and think of lovin' you

Give me your love [Incomprehensible]
Give me your heart [Incomprehensible]
I just wanna kiss and hug you
You're on my mind, you make me feel so fine
