Take away my scrilla, my diamonds and my Benzo
Could you love me with your heart and soul?
Take away my scrilla, my diamonds and my Benzo
Could you love me with your heart and soul?

Girl, you got me stressin', here's my confession
I'm not the boner that you think I am
You see my video and my convertible
But all that glitters isn't gold

I didn't know that you required all the fancy things in
life
I guess I thought your love was free
I'm not shoppin' at the mall, I'm not buyin' you Cristal
All I have to offer is just me, baby

Take it or leave it, baby
All I can give to you
All I have is my heart to give

Take it or leave it, baby
I will treat you like a queen
Give you all the love you need
That's what I will do

Take it or leave it, baby
Take it or leave it, baby
I will treat you like a queen
Give you all the love you need
That's what I will do

I didn't comprehend that all your other men
Buy you anything you ask
All they do is give, that's not the way I live
Girl, I can't afford your ass

I didn't know that you required all the fancy things in
life
For you to fall in love with me
Baby, I'm not slippin' or maybe I'm just trippin'
But I thought that your love was free

Take it or leave it, baby
Take it or leave it, baby
I will treat you like a queen
Give you all the love you need
That's what I will do

Take it or leave it, baby
All I have to give to you is my heart
Take it or leave it, baby

I will treat you like a queen
Give you all the love you need
That's what I will do

All I can give to you
Is good love, good sex, good time
My heart, it's yours

Take away my scrilla, my diamonds and my Benzo
Could you love me with your heart and soul?
Take away my scrilla, my diamonds and, my Benzo
Could you love me with your heart and soul?
(Take it or leave it, baby)

Take away my scrilla, my diamonds and my Benzo
Could you love me with your heart and soul?
(I'm all I have to give)

Take it or leave it, baby
I will treat you like a queen
Give you all the love you need
That's what I will do
Take it or leave it, baby

Take away my diamonds and my gold
Take away all my fancy clothes
Take it or leave it, baby

Take away my convertible
(I will treat you like a queen)
I still can give you all the love you need
(Give you all the love you need, that's what I will do)
Take it or leave it, baby

Just give my love a chance
And that's all you'll ever want, baby
Take it or leave it, baby

All I'm saying you have to do is
(I will treat you like a queen)
Put me on, babe, put me on

(Give you all the love you need, that's what I will do)
Take it or leave it, baby

Take it or leave it, baby
You should be with me, babe
Take it or leave it, baby

I will treat you like a queen
Give you all the love you need
(When you need some one to talk to)
That's what I will do
(Some one to support you, babe)

All you gotta do is call me, yeah
I'm the one you need, babe
I will treat you like a queen
Give you all the love you need
That's what I will do

Take it or leave it, baby
Take it or leave it, baby
I will treat you like a queen
Give you all the love you need
That's what I will do
