I never knew how complete love could be  
Til she kissed me and said  
Baby please, go all the way  
It feels so right being with you here tonight  
Please baby, go all the way  
Just hold me close, don't ever let me go

I couldn't say what I wanted to say  
Til she whispered, I love you so  
Please baby, go all the way  
It feels so right being with you here tonight  
Please baby, go all the way  
Just hold me close, don't ever let me go

Before her alone, I was cruel and mean  
I had a hole in the place where my heart should have  
been  
But now I'm changed, and I feel so strange  
I come alive when she says all those things to me

And she says (come on)  
Come on (come on) (come on)  
Come on (come on)  
I need you (come on)  
I love you (come on)  
I need you (come on) (come on)

Please baby, go all the way  
It feels so right being with you here tonight  
Please baby, go all the way  
Just hold me close, don't ever let me go, oh no
