I remember when we were together, thing were cool
But now you fuckin hate me and you bitch i hate you too
Cuz you don't give a fuck about what you put me
through
You're always talking shit, and i hate everything you do
You act like, everything you do is fuckin right
You make things hard for me and you don't care about
my life
So in return, i don't fuckin care about yours
The only thing i care about is my little boy and girl
There getting older and because of you the world's on
my shoulders
And as days go by my fuckin heart gets colder
And people think i'm happy but im just putting up a
front
So to my enemies take me out of my misery and smoke
me like a blunt

(Chorus)

I just can't take it no more, I just dont care anymore
Angel and Jasmin are the only thing i live for
I just don't understand this
I just can't handle this
I thought that we got past this
But your still so scandalouse
I just don't understand this
I just can't handle this
I thought that we got past this
but your so, so, so scandalouse

You fuckin drive me crazy!
Two times in a row u page me!
and it pisses off my lady!
Why do you act so shady?!!
I thought i already got past the worst with you!
But fuckin everyday u come up with something new!
And its true around the first that's only when your cool
And then you switch and your right back to being a
bitch
And when people see me they fuckin think I got it made
Cuz they hear me on the radio or I'm rockin the stage

But sometimes thing aren't always what they fukin
seem
I hasd my life al sowed up But now its ripping t the
scenes
It's falling apart im getting fuckin
