Light globes wash up, all along the beach.
And they light me up with, and they light me up with
certainty.
Well she calculates, coincidence, and circumstance
and turbulence.
Gotta see what it is, and it's everything, and it's
endless.

'Cause baby can't see through, all this matter and
makeup and dÃ©jÃ vu.
Yeah we drift here alone, with nothing to do.
Until one of us makes the other one come true.

She wants to meet her fate, but travel by free will.
But you can't have both and you can't stand still, still,
still.
I'd be the luckiest man in the universe, if cause and
effect doesn't get there first.
But she, keeps looking for patterns, and the world just
happens.

'Cause baby can't see through, all this matter and
makeup and dÃ©jÃ vu.
Yeah we drift here alone, with nothing to do.
Until one of us makes the other one come true.
Yeah one of us makes the other one come true.

Yeah 'cause baby can't see through,
Through all this matter and makeup and dÃ©jÃ vu.
Yeah we drift here alone, we drift here alone.
Yeah we drift here alone, we drift here alone.
Yeah we drift here alone, with nothin' to do.
Until one of us makes the other one come true.
Yeah one of us makes the other one come true.
She said these questions don't answer like other
questions do.
So just let me be here with you.
