Let's get drunk  
You can drive us to the harbor  
Wish upon a star  
But do you know what stars are?  
Balls of fire  
Burning up the black space  
Falling from the landscape  
Exploding in the face of God

Let's get crazy  
Talk about our big plans  
Places that you're going  
Places that I haven't been

Let's get crazy  
Talk about our big plans  
Places that you're going  
Places that I haven't been  
Build my walls up  
Concrete castle  
Keep this kingdom free of hassle, yeah

Yeah  
Yeah  
I hear sound echo in the emptiness  
All around but you can't change this loneliness  
Look what you've found, I've fallen down

Taste the saline rolling down your cheekbone  
Tell me that you're alone, tell me on the telephone  
Feel your heart it breaks within your chest now  
Try to get some rest now, sleeps not coming easy for a  
while, child

Child, yeah

I hear sound echo in the emptiness  
All around but you can't change this loneliness  
Look what you've found, I've fallen down  
Down, down  
Down, down

I hear sound echo in the emptiness  
All around but you can't change this loneliness  
Look what you've found, I've fallen down  
Look at what you've found, I'm falling down  
Look at what you've found, I'm falling down
