Maybe when the room is empty
Maybe when this bottle's full
Maybe when the door gets broke down love can break
in
Maybe when I'm done with thinking
Maybe you can think me whole
Maybe when I'm done with endings this can begin
This can begin, this can begin
You could be my punk rock princess
I could be your garage band king
You could tell me why you just don't fit in
And how you're gonna be somethin'

Maybe when your hair gets darker
Maybe when your eyes get wide
Maybe when the walls are smaller there will be more
space
Maybe when I'm not so tired
Maybe you can step inside
Maybe when I look for things that I can't replace
I can't replace, I can't replace

You could be my punk rock princess
I could be your garage band king
You could tell me why you just don't fit in
And how you're gonna be somethin'

If I could be your first real heart ache
I would do it over again
You could be my punk rock princess
I could be your heroine
It was this time Last Year
You're so much different now
You watch the traffic clear
You hear the cars spin out
I never thought you'd last
I never dreamed you would
You watch your life go Past
You wonder if you should

If you should be my punk rock princess
So I could be your garage band king

You could tell me why you just don't fit in
And how you're gonna be somethin'
If I could be your first real heart ache
I would do it over again
If You could be my punk rock princess
I could be your heroine

Whoa Oh You know, you only burn my bridges
Whoa Oh You know, you just can't let it sink in
Whoa Oh You know, you only burn my bridges
Whoa Oh You know, you just can let it sink in

You could be my heroine
