I have a story of bitter anthem,
For everyone to hear
About this kid who just don't like me,
And that's a solid fact
They say he's hunting me
And as you see
Im all swelled up with fear
'cause I can't get him off my back
If you see jordan
If you see jordan
He makes me sick
He makes me sick
High school's over
High school's over
And you still won't quit

You tried to fight me down
At tyler's beach and man I thinks that's great
Nearly cried and said to yell at you like you do at all the
girls
And you drove home real quick
Did you make it home in time to masturbate?
There's too many of you in this world

If you see jordan
If you see jordan
He makes me sick
He makes me sick
High school's over
High school's over
And you still won't quit

You say it's chivalry but it's jealousy
That lead us to this song
Won't play it often
Just at least until you're gone
You'll stop at nothing but the real thing
And everything up to that's pretend
You tried to brainwash all my friends

If you see jordan
If you see jordan

He makes me sick
He makes me sick
High school's over
High school's over
And you still won't quit

Fuck you jordan
Fuck you jordan
You make me sick
You make me sick
High school's over
High schools over
I don't care if you dye your hair
You'll always be a little red head bitch
