I met you last month at a party
You brought me up you brought me down
You came to me last night as an apparition
And I came around.
What's with you
And all your talk of independence?
What's with me
And my lack of innocence?

Keep it,
Locked up,
Inside the pocket
And maybe I will sleep
I'll be
Right there
Inside the pocket
And you'll be knee deep

My palms were sweating
And my heart grew big
My leg was shaking.
How badly I wanted you with me.
You came to me
And said this could be something
I'll take something over nothing
Any day.
What's with me
And the way that I've been lately?
What's with you
And the way you make me feel?
Keep it,
Locked up,
Inside the pocket
And maybe I will sleep
I'll be
Right there
Inside the pocket
And you'll be knee deep

And I'm scared 'cause these things fall apart
Electric baby
And I've known it from the start.

So please forgive me
For being like I am
But I'll take you if I can

Keep it,
Locked up,
Inside the pocket
maybe maybe maybe maybe maybe I will sleep
I'll be
Right there
Inside the pocket
And you'll be knee deep
