Feels like you're, coming apart and,
You've entertained the thought that you're out of things
to say and you,
Haven't even started, you haven't even started.
You're gonna have to find the words to put on the page
and,
Get around the corner, get around the corner
And nothing is the way, the way it was before.
You're left with just these afterthoughts to keep you
warm and,

When all the sunlight in your eyes, feels forgotten,
Is there light at the end of this tunnel?
And it feels like we're drownin',
Sinkin' to the bottom.
Is there light at the end of this tunnel?
If the only thing to do now is just start runnin',
For the light at the end of this tunnel.

Sometimes, anything just breaks your heart and,
You hold out your arms to keep day and night apart so.
This is never ending, nothing is ending.
You turn back the clock back 'til the clock is no more
now.
Time means nothing, time can't touch you.
It's nowhere to the start and, nowhere to the end.
But tomorrow somehow finds it's way to us again and,

When all the sunlight in your eyes, feels forgotten.
Is there light at the end of this tunnel?
And you feel like we're drownin',
Sinkin' to the bottom.
Is there light at the end of this tunnel?
If the only thing to do now, is just start, just start
runnin',
For the light at the end of this tunnel.
For the light at the end of this tunnel.
For the light.
