Oh I got you baby  
I mean these other niggas they just handing me...  
Tight pants, I mean it's not what New York city is about  
I think I bring my homie to...  
Maybe you'll understand me  
New York City, you're now rocking with the best!

... how to be my main  
Main in Brooklyn, now I'm dead lane  
Man, I'm known for getting cocaine  
And I'm known for doing my thing  
On a microphone, pause  
I'm in the micro zone... pick one  
... Big Apple, I'm out here representing us all  
Nigga, I sound like New York  
Nigga, I look the way that I talk  
Dope this way and I line your ass to reach my flaws  
... real shit plain, Rolex watch...  
... with the thing, but I came for the money  
Plans ain't change!

Chorus: (x2)  
I got you babe, I got you babe,  
I ain't go heavy out here looking all crazy, babe  
I got you babe, you know I got you babe  
Harry Potter bitch came to save the day

These other niggas ain't me, ain't me  
These other niggas wanna be us  
... what a fuck you seem to keep?  
Never! getting dough is like some hoes  
Take... stay false  
I... chop niggs,  
Don't believe in nothing they're after  
Nigga please!  
I'm the right one, I don't write nothing  
... they ain't right son  
But left truth out,  
I'm the proof for...  
... when it coma... chinchillas  
I just keep it warm

This is nothing on,  
Cheers nigga, Brooklyn we're on!

Chorus: (x2)  
I got you babe, I got you babe,  
I ain't go heavy out here looking all crazy, babe  
I got you babe, you know I got you babe  
Harry Potter bitch came to save the day

Oh, I got you!  
But you ain't Harry Potter  
How the fuck you gonna kill me?  
Just kill me!  
Dough, powder  
So I'm watching the news every day and they're saying

So what a fuck? Here we go  
A pillow, nigger?  
I don't trust that shit though, you stay... baby!  
Bitch, beat those boys out...  
Bricks in my backpack, three... nigga

Top fifty and complex, and all that  
It's all independent money nigga  
The street shit!  
Street niggas always go main stream,  
But a mainstream nigga can never get to streets nigga  
Believe that! How you... moving out this motherfucker?  
Is undebatable nigga! Just flew on to LA to have day  
I see you sneaky ass niggas picking up my Instagram
