Wots the matter girl, Why your eyes watery,
You don't need him, it's right here where u ought to be,
He a lame he puts his hand on you,
Thought if he beats you no-body'll would want you
That's why you broke down and said she wanna die,
Told me he raped you, him and another guy.
Him all drunk and accused her of cheating on him,
When I see him, I'm a put more then a beating on him,
Just might let the ruger go,
How can he do that to someone so beautiful,
Knowing that he hurt you makes me mad,
Clowns like him make a real N**** look bad.
