Friday after dinner
situation is the same over again
mom she wants to watch the news
but I just wanna watch the film at ten
so I get my way again

Halfway through the movie
naked bodies getting groovy
on the screen

Mom she changes channels
turns away
she can't believe what I've just seen
embarrassed she starts to clean

It's just porn mom
you're running away
you wouldn't believe what the kids see today
it's just porn mom
and it won't go away
wherever you turn
you find porn everyday
it's just

Billboards on the way to school
use porn to make their shit look really cool (so cool)

The girls I see on MTV
conceal the fact their bands
all look like fools
but their videos make me drool

It's just porn mom
you're running away
you wouldn't believe what the kids see today
it's just porn mom
and it won't go away
wherever you turn
you find porn everyday
it's just porn mom
just porn mom

it's just

Mum, I know that you're embarrassed
but just face it
you can leave the movie on
don't think that I am so naive
that I don't have a clue where I came from

It's just porn mom
you're running away
you wouldn't believe what the kids see today
it's just porn mom
and it won't go away
wherever you turn
you find porn everyday
it's just porn mom
you're running away
you wouldn't believe what the kids see today
it's just porn mom
and it won't go away
wherever you turn
you find porn everyday
it's just porn mom
just porn mom
porn mom
its just porn mom
its just porn mom
its just porn mom
its just porn
