And I can not stop shaking
And I can not sit still
I'm tired and I'm hungry
But I've got time to kill
I don't think we'll make it out alive tonight

I am just a bastard
My hands are bloodied red
I'll probably stick around here
Just to find out what my father did
I'm sure I'll consecrate all of my fears tonight

We'll be laughing all the way
We'll be laughing all the way
We'll be laughing all the way
We'll be laughing all the way
We'll be laughing all the way
We'll be laughing all the way
Laughing all the way
We'll be laughing all the way

Embrace the swollen clouds
I've heard the laugh some day and how
I've never felt those words sounded any more absurd
Than they do right now

With my memories on my back, I am standing still fast

Gather my mistakes
Leave them standing here
But make no mistake
I've always been right here
I've always been right here

I've always been right here
I've always been right here
