Stay with me, stay with me, stay with me
I can feel you all the time, inside,
You are here everyday
Just a whisper away
I can feel you with I breath
There is a place inside me
Where a whole used to be
Will you stay
Stay with me, stay with me, stay with me

Without a sound you say
I am yours
I found myself today
In your words

Stay with me, stay with me, stay with me
I need you all the time, inside
It's the strength that I need
It's the light that I see
I can tell you always here
There is a place inside me
Where a whole used to be
Will you stay
Stay with me, stay with me, stay with me

Without a sound you say
I am yours
I found myself today
In your words

I can see, I can see, I can this time
Well I can see it's right in front of me

Without a sound you say
I am yours
I found myself today
In your words

I can see, I can see, I can
I found myself today
In your words

Stay with me, stay with me, stay with me
Stay with me, stay with me, stay with me
Stay with me, stay with me, stay with me
