If I could take my floor  
And pull the worst from you  
And as I vow  
I push this all away  
Get up off this floor  
Give it back to you  
I know you wanted to  
Take me

I know you tried to take me out  
I won't forgive you  
I watched you fall apart  
It's over now  
Today it's the end  
I hear the words that you spit out  
I can see right through you  
I watched you fall apart  
It's over now

If I could see you now  
And push the worst in you  
And as I stood  
I'd pull this all away  
Now I could show you how  
'Cause I remember you  
And I know you wanted to  
Take me

I know you tried to take me out  
I won't forgive you  
I watched you fall apart  
It's over now  
Today it's the end  
I hear the words that you spit out  
I can see right through you  
I watched you fall apart  
It's over now  
Now

I know you tried to take me out  
I won't forgive you

I know you tried to take me out  
I won't forgive you  
I watched you fall apart  
It's over now  
Today it's the end  
I hear the words that you spit out  
I can see right through you  
I watched you fall apart  
It's over now
