(Pitched voice starts singing)

As I'm sitting in my room, with a pen and paper
Im thinking 'bout how I can keep, getting these haters

To hate me, every single time I go harder, I try
I try to piss 'em off, cause...(I'll never die)

I'll never die, you haters made this
Thats why I keep doing track, now I say shit

Cause I luv how you faggots luv me, you so kind
You couldn't bring me down with hatred and anger
combined

Don't hate me cause I keep ya lower than my feet
Hate me cause you motherfuckers can't compete

Keep lookin' my way, my head is held high
You wanna bring me down but nah, (I'll never die)

Fuck yeah you can be mad at me
Keep hating, hatred is my battery
I luv you haters, haters, please don't be shy
Hate me some more faggots cuz..(I'll never die)
