Hey Nico
Stay strong in this world
My girl
Ignore their cold words
The song of your heart so true
The sai is a way for you
Hey Nico
Stay strong in this world

I watched your spirit fly
Across the velvet sky
The secrets that you hide

Lost inside your sweet kiss
Hey Nico
The life that you've missed
Sometimes you're so strange to me
A lotus your heart that bleeds alone
Hey Nico
Stay strong in this world
I watched your spirit fly
Across the velvet sky
The secrets that you hide

Then you fell
Then you fell
Then you fell
Then you fell

Straight to hell
Straight to hell
Straight to hell
Straight to hell

The silence of your wings
The beauty that it brings
A kiss before we die
A kiss before we fly

I watched your spirit fly
Across the velvet sky

The secrets that you hide
The secret that you hide
Whoa-whoa, yeah

I watched your spirit fly
Across the velvet sky
The secrets that you hide
The secrets that you hide
