Swirling pictures of never ending dreams
Pictures of never ending dreams
I can't see what these images mean
I can't see what these images mean
Locked inside can't set the rainbow free
Locked inside me
Like perishing flowers they sag and twist and die
Can't set the rainbows free
There's a revolution
Like perishing flowers
There's a revolution
They sag and twist and die
There's a revolution

Joy or sorrow what does revolution mean
There's a revolution
To save today is like wishing in the wind
There's a revolution, yeah
All my beautiful friends have all gone away
There's a revolution
Like the waves they flow and ebb and die
There's a revolution
There's a revolution

There's a revolution
Sorrow
There's a revolution
What does revolution mean to you?
To say today's like wishing in the wind
All my beautiful friends have all gone away
Like the waves
They flow and ebb and die

There's a revolution
There's a revolution
There's a, there's a revolution
There's a revolution

There's a revolution
There's a revolution
There's a revolution

There's a revolution, yeah

Joy or sorrow

What does revolution mean to you?

To say today's like wishing in the wind

All my beautiful friends have all gone away

Like the waves

They flow and ebb and die

There's a revolution

There's a revolution

There's a revolution

There's a revolution

Revolution

Revolution

Revolution

Revolution

Revolution

Revolution

Revolution

Revolution, yeah
