You are the sun  
I am the flame  
You are the blood  
I am the same  
We are the love that rises again  
They are the snake that bites on your vein  
We are not chained to the wheel

You are the tear  
I have no fear  
You are so strange  
I feel the same  
Sorcerer's night we ride again  
We are not chained to the wheel  
We are not chained to the wheel

It's the way that you feel  
It's the truth in your eye  
You've got wings upon your back  
And you can fly

It's the way that you feel  
It's the truth in your eye  
You've got wings upon your back  
And you can fly  
Because you're up against the world  
And still you rise  
Still you rise

You are alive and hide in my dreams  
You are the stars that mystify me  
And you are the wolf  
That frightens the thief  
And you are the voice that they disbelieve  
We are not chained to the wheel  
And you are the spark that sets us all free  
We are not chained to the wheel  
And you are the spark that sets us all free

It's the way that you feel  
It's the truth in your eye

You've got wings upon your back  
And you can fly

It's the way that you feel  
It's the truth in your eye  
You've got wings upon your back  
And you can fly  
Because you're up against the world  
And still you rise  
Still you rise

It's the way that you feel  
It's the truth in your eye  
You've got wings upon your back  
And you can fly

It's the way that you feel  
It's the truth in your eye  
You've got wings upon your back  
And you can fly  
Because you're up against the world  
And still you rise  
Still you rise  
Still you rise  
Still you rise
