Another open vein
To release the pain
And bleed the venom
From your sting

Another broken bone
Cause you let go
And dropped the worlds weight
On to me

Still I'll never understand
How the angels in my hand
Turned ugly
Turned empty
Abandoned me
Cause I'll never understand
That the echoes in my head
Meant nothing
Meant something
Meant everything

Again I shed the skin
To forget your sins
And wash myself clean
Of all the scars

Another overdose
Cause you're too close
You are the poison
Inside me

Still I'll never understand
How the angels in my hand
Turned ugly
Turned empty
Abandoned me
Cause I'll never understand
That the echoes in my head
Meant nothing
Meant something
Meant everything

Now that im finally free from you
I'm floating up in the atmosphere
Like a devil with angel wings

Again the morning wakes
To start another day
And give me one more chance to change
