I gave you all the credit for the way that I am
But now that I see it was all me, it was all me
I won't let you get away with it again

My god, your not even listening
My god, there was no one there all this time

I try to ask for help
But my pleas fell on deaf ears
So I scream a little louder
But you just disappeared

I thought you were authentic, but I was just deceived
By all the smoke and mirrors, the magic act has been
revealed

I was little, I swallowed all of the lies
I was little, You told me how to see through my eyes
I was hypnotized
