"Never Beg"

Untie the ropes and unlock all the chains
I won't be bound and gagged just for your sake
Take your foot off my throat, take this mask off my
face
Don't expect me to plead for your mercy, I'd rather
bleed than let you win

I will never beg for you
After all the hell you put me through

Do really believe this will force me to love you again?
The only thing I'll ever love about you, is the day I get
my revenge
So this is your one shot, you better put me away
Cause if I ever get free, I'll take you out with me

I will never beg for you
After all the hell you put me through

I am not your slave
I am not your slave
I am not your slave, your toy, your pin cushion, your
beat up doll
You are not my love, my dream, but I'll love it when I
hear you scream
