"Ruin It"

You are a blinding light
just too beautiful for my sight
I love the way you'd illuminate me
But you said I cast a shadow on the world you wanted

You are the sweetest taste
the sugar rush always kept me awake
I love to have you on my tongue
But you hated that I never let anyone else have some

It's time I fly away cause you don't see me
It's time I go away

All that I really ever had wanted was for you to hold me
and tell me you cared
All that I really ever had wanted was for you to love me
and notice me there
But I had nothing to give
I had nothing to give in your eyes

You are the purest white
But you claimed that I would ruin it
