Give me one more reason and ill stay
You know i wont believe you anyway
But its warm in here and i feel no fear
Of being stuck alone again

Why am i never the one shining under the sun
Why am i always the one waiting for u here
Why am i never the one shining under the sun
Why are u always the one taking away from me

Tell the truth you dont feel me anymore
Cant love cant breathe cant see what we're fighting for
Bitter cold chills coming from inside
Numb heart, closed mind, blind eyes so I run away and
hide

Why am i never the one shining under the sun
Why am i always the one waiting for u here
Why am i never the one shining under the sun
Why are u always the one taking away from me

All the time I spent with you
Was so much time wasted on you
All the time i was with you
Was so much time wasted

Why am i never the one shining under the sun
Why am i always the one waiting for u here
Why am i never the one shining under the sun
Why are u always the one taking away from me
